Play Safe WHEN YOU FLY YOUR KITE

There are four rules for safe kite flying. If you follow them, you will have more fun, you will be safer and so will your kite. Here are the rules. Remember to follow ALL of them:

1. Fly kites in an open field, away from power lines and other overhead obstructions.
2. Never use wire, tinsel, or metallic string.
3. Be sure the string is perfectly dry.
4. If the kite catches in a power line, let go immediately. Don't pull! Phone the company owning the line, and a lineman will come to get your kite for you.

Prevention Of Disease Week Feb. 17 To 24

Make Los Angeles county including the Torrance health district the healthiest spot on earth!

That was urged today by Dr. H. C. Smiley, district health officer, as the purpose behind Disease Prevention Week, Feb. 17 to 24.

Numerous neighborhood meetings are planned and the public invited to visit the Torrance Health Center to learn of the facilities offered the residents of Torrance.

A large free exhibit on "How to Keep Well" will be presented during the week at the Los Angeles County Museum, Exposition Park, Los Angeles.

Immunization against diphtheria, whooping cough and smallpox will be suggested, as well as chest X-rays to determine the presence of tuberculosis, blood tests for syphilis and examinations for gonorrhea. Where appointments with private physicians are not available, patients will be asked to contact the Torrance Health Center.

A luncheon meeting with Dr. Walter H. Brown, dean of the University of California's school of public health as the principal speaker will be held Feb. 20 in the Biltmore hotel, Los Angeles; with reservations open to the public.

The Community Health Association is conducting the Disease Prevention Week program in cooperation with the city and county health departments and other health agencies.

"The Spirit searcheth all things, yea, the deep things of God." This passage from 1 Corinthians will be the Golden Text of the Sunday Lesson-Sermon on "Spirit" in all branches of The Mother Church The First Church of Christ, Scientist, in Boston.

A Lesson-Sermon selection from The Acts reads, "And it came to pass, as we went to prayer, a certain damsel possessed with a spirit of divination met us, which brought her masters much gain by soothsaying. The same followed Paul and us, and cried, saying, These men are the servants of the most high God, which shew unto us the way of salvation. And this did she many days. But Paul being grieved, turned and said to the spirit, I command thee in the name of Jesus Christ to come out of her. And he came out the same hour." In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy says, "Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God. There are neither spirits many nor gods many." "God, the only man, and God is the only Spirit."

LUMBER SHIPMENTS PREMIUM GETS RAP FROM L.A. CHAMBER

Vigorous protest against a proposed OPA ruling that would give Pacific Northwest saw mills a premium price for Douglas fir shipped by water to the east coast has been voiced by the board of directors of Los Angeles Chamber of Commerce.

Stating firmly that the plan would discriminate against California buyers, the chamber's opposition was communicated promptly to Peter A. Stone, price executive, lumber branch, Office of Price Administration, Washington, D.C.

This order would allow eastern buyers to pay that "bonus" price over what California purchasers would be permitted to pay, said the chamber, and thus would divert lumber away from this area where it is so badly needed for essential construction.

Standard Oil Grants 18% Wage Increase

An 18 per cent wage increase for Standard of California's El Segundo refinery employees was announced today by R. G. Follis, president of the oil company.

In addition, Follis said a four cent (4 cents) and a six cent (6 cents) hourly differential for afternoon and night shifts had been agreed upon. Local 547 of the International Oil Workers union (CIO) is the bargaining agency for the El Segundo Employees.

The 18 per cent increase is retroactive to Nov. 19, 1945, when the company returned to the 40-hour week, while the shift differentials are retroactive to Jan. 1, 1946.

Follis stated Standard planned similar wage adjustments on a

COUNTY TO TEST HOSPITAL FACILITY EMERGENCY PLAN

In a move to test the emergency hospital plan throughout Los Angeles county, the Board of Supervisors ordered facilities of the San Fernando County Health Center to be placed at the disposal of the public.

The board directed County Manager Wayne R. Allen to lease part of the health center building in the valley to a private physician to maintain a 24-hour emergency hospital.

EASIER TO EAT

To make an orange easier for lunchbox-toting youngsters to eat, score from stem end to blossom end in about eight sections, cutting through skin only. Pull back rind about half an inch, then wrap the whole orange in waxed paper.

Standard raised most of its employees 15 per cent on Nov. 15, 1945.

WHAT CAN YOU SPARE THAT HE CAN WEAR?

● Clothing that you may consider old can bring new life to some suffering family to whom war brought years of despair and utter destitution.

Bring them new life... and bring America new friends!
Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: Every garment you give means one more human being saved from cold or sickness or possibly death. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

What YOU Can Do!

- 1 Get together all the clothing you can spare.
- 2 Take it to your local collection depot immediately.
- 3 Volunteer some spare time to your local committee.
